Re: Receipt of Permit Application Fee, Notice of Intention to Commence Small Mining Operations,  
J. R. Walker, Septarian Project, S/019/046, Grand County, Utah

Dear Mr. Walker:

Thank you for your \$100.00 permit application fee which was received by the Division on April 12, 1999. The application for the proposed Septarian Project, located in Sections 14 and 15, T23S, R18E, SLBM, Grand County, Utah **is now considered complete and no additional information is required at this time.** The permit fee will be due annually each July until you are formally released from any further reclamation obligations at the mine site.

If you wish to expand your operation beyond the five (5) acre limitation, please notify our office as soon as possible to discuss the necessary permitting requirements. Approval of a large mining notice could take from six to twelve months or longer.

Approval of mineral exploration or mining operations by the Division of Oil, Gas and Mining does not constitute approval to commence operations upon lands under state mineral leases/school sections administered by the School and Institutional Trust Lands Administration, or federal lands managed by the Bureau of Land Management (BLM) or United States Forest Service (USFS). Before conducting mining operations on these lands, the operator must provide written notification, meet bonding requirements, and obtain written approval from the appropriate agency.

Thank you for your cooperation. When in the area, a member of the Division staff will examine the site. Best wishes with your mining operation.

Sincerely,

Anthony A. Gallegos  
Senior Reclamation Specialist
